MEMORANDUM TO: MR. [REDACTED]
Central Intelligence Agency
Washington 25, D.C.

SUBJECT: Handling of 10/5 Material.

This memorandum is in response to your request for information regarding the PSB staff handling of the 10/5 material. I am sure that you are willing to concede some flexibility for unforeseen contingencies, such as secretarial assistance when no OPC-cleared personnel are available (variations will, of course, be discussed with you).

25X1A

1. No individual on the PSB staff who has not received an OPC clearance will be permitted to see any of the material.

25X1A

2. In addition to [REDACTED] and myself, as members of the 10/5 Panel, [REDACTED], on assignment from CIA, and [REDACTED] have been working on the material on substantially a full-time basis. [REDACTED], formerly of CIA, as the PSB intelligence officer, has seen the material so as to make his advice available on a part-time basis. [REDACTED] a consultant to PSB and OPC-cleared, has also assisted part-time.

3. Soon [REDACTED] Assistant Director for Special Projects, and PSB staff representative to the NSC Senior Staff, [REDACTED] 25X1A, as head of the Office of Plans and Policy, and [REDACTED], as head of the Office of Evaluation and Review, will have to be included in intimate discussions of at least portions of the material. Actually, we do not believe that they can discharge their functions without such knowledge, so that there is a real need to know.

25X1A

[REDACTED] who were one time employees of OPC, will need to know something about the existence and status of the 10/2 and 10/5 projects as members of the PSB Office of Coordination. There will, of course, be

OPC activities developed from time to time in support of PSB plans. The Office of Coordination, in discharging its responsibilities, will need to verify the existence of these activities and may be called upon to assist in obtaining the necessary support for them and to help avoid any conflicts between them and other operations. As much of this coordination as possible will, of course, be carried out through the 10/2 representatives and in some cases the 10/5 Panel.

25X1A

[redacted], the PSB Executive Officer, will supply secretarial assistance so that he will be privy to discussions at formal Board meetings.

4. We feel that it is one of our primary responsibilities to obtain as much constructive thinking as possible in support of the PSB review of the 10/5 material. Consequently, it is essential, in our opinion, to reserve the right on behalf of the Director and the PSB staff to consult from time to time with PSB staff members in addition to those mentioned above and, where appropriate, with anyone else having a contribution to make. This will, of course, always be subject to the condition mentioned first above, namely, the existence of an OPC clearance.

If there is any further material that you would like, please let me know.

There is a clear-cut "need to know" requirement, which if not fully filled would result in incomplete staff work.
